

THE DYNAMIC FOUNTAIN INNOVATION
FOR AN INSPIRING AMBIENCE.

JUMPING JET RAINBOW STAR SET

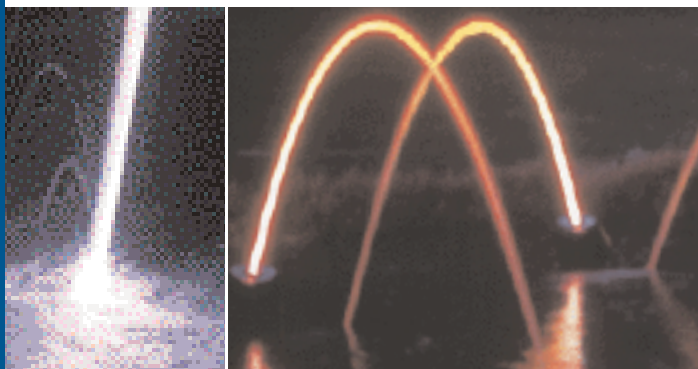

Brand-new and impressive at any
time of the day – be inspired by
prismatic colours.

OASE – PASSIONATE ABOUT WATER.

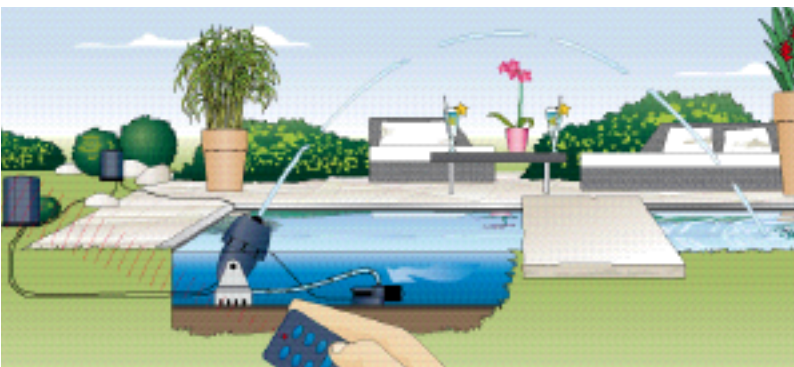

BE INSPIRED BY PRISMATIC COLOURS!

This brand-new fountain innovation creates an inspiring ambience in the garden – at any time of the day! Illuminating effects make sure that the clear and precise water jets are put in the perfect setting.

Combinations of water features and illuminating effects are already programmed whereas the distance of the water jet can be individually regulated. The additional program “random play” shows all possible water jet options with alternating colours. The new Jumping Jet Rainbow Star offers two innovative and unique functions: the moving light as well as the water jet segments within the parabola – single water-light-elements seem to fly through the air.

The set includes the Jumping Jet, the 12V-Master control unit with remote control and all necessary accessories for installation and control purposes. The existing set can easily be upgraded by the extension set which is also plugged into the control unit. Thanks to the connectable electronics the programmed effect combinations can be selected by the remote control. Thus, the synchronised running of two Jumping Jets provides a large variety of installation and composition options.

Rainbow Star Set – Details:

In order to run the Rainbow Star Set you need the powerful OASE pump Neptun 6000 as well as the garden outlet FM-Master 3 which are both not included in the set. The FM-Master 3 allows the user to switch the Neptun 6000 on and off as well as to change the height and distance of the Jumping Jet water jet.

Product characteristics at a glance:

- Easy installation thanks to complete set ready for connection.
- Control unit (12V Master) with connection possibility of the extension set (synchronised control of max. 2 Jumping Jets).
- Remote control regulating the programmed combinations of light, water features and colours.
- Individual adjustment of distance and height of the water jet.
- Suitable for use inside and outside.

TOP-3 sales arguments:

1. Easy and quick installation
2. Selection of pre-programmed combinations
3. Additional connection of 1 Jumping Jet possible

Scope of delivery »Rainbow Star Set«:

- 1x Jumping Jet with adjustable base made of stainless steel
- 1x control unit (12V-Master) with remote control (max. range of 80m)
- 1x 1" black textile hose; 4m
- 2x 1" stainless steel hose clips
- 1x control cable
- 1x power supply cable 12V

The following accessories are not included in the scope of delivery and need to be ordered separately:

- 1x Neptun 6000 (order-no. 56637)
- 1x garden outlet FM-Master 3 (order-no. 56473)
- 1x Rainbow Star Extension Set (option) (order-no. 50053)

INNOVATION – MADE BY OASE

Technical Details – Jumping Jet Rainbow Star Set	
Dimensions (l x w x h)	478 x 305 x 355 mm
Diameter of jet	12 mm
Max. distance of jet	4 m
Max. height of jet	2 m
Total weight (dry)	11 kg
Guarantee (plus additional guarantee)	2 + 1 = 3 Years
Electronics:	
Total power input max. (Set)	33 W
Total power input max. (incl. Extension Set)	65 W
Content:	
Lamp	RGB LED multicolour headlight
Power input max. (Lamp)	6 W
Shooting unit	
Power input max. (Shooting unit)	16 W
Pulse generator	
Power input max. (Pulse generator)	7 W
Control unit:	
	12 V-Master
Dimensions (l x w x h)	215 x 155 x 295 mm
Voltage (primary)	220 – 240 V/50 Hz
Cable length (power supply cable)	10 m
Remote control range (max.)	80 m
Weight	3.2 kg
Garden outlets (for 2 Jumping Jets)	2 x 12 Volt/AC
Total power output max.	65 W
Order-no. (Rainbow Star Set)	50094
Order-no. (Rainbow Star Extension-Set)	50053
